

Teri Young/Kara Mason – Through the Needle’s Eye

BOTP 2022 – Session A

### **Woodland Reverie in Wool**

Welcome to our Woodland Reverie! This class will offer four blocks in our woodland quilt, covering all the seasons: Spring Robin, Summer Fox Wreath, Autumn Mushrooms, and Winter Owls. We will focus on one of the blocks in class but cover all the skills needed to create this four-block wall-hanging.

Techniques will include wool appliqué, stumpwork, ribbon embroidery, weaving a wreath, and working with a variety of fibers, including wool roving and velvet.

Required kit fee of \$25 will include full patterns and special materials for all four blocks: hand-dyed velvet for acorns, pussy willows, mushroom caps, blackberries, and coneflower centers; seam binding ribbon for blue flowers; beads for blackberries; sari silk yarn for wreaths; wool roving for moss and fox; and a variety of fibers for the nest.

Optional full quilt kit including background will be available for purchase. We will also have the options of purchasing a separate wool kit, thread kit, and/or ribbon kit—if you only need to add parts of the list to your stash!

Finished block size – 12”
