Workshop Through the Needle's Eye: Teri Young and Kara Mason
Baltimore on the Prairie 2022

Tonal palette on linen background

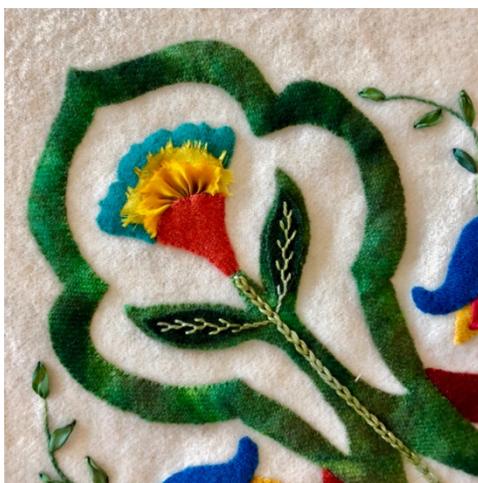

Bright palette on wool background

Inspired by a Baltimore Album Quilt in the DAR Museum collection, this lovely block is rendered in wool with ribbon embellishment. In this class, we will explore basic wool appliqué skills, teaching you several placement methods. Embroidery with a variety of fibers—threads and ribbon—and several ribbon flowers will enhance our wool design.

Kit fee of \$20 will include all ribbon needed to complete the block: 1/2 yard French ombré wired ribbon, 1/2 yard Hanah bias silk ribbon, 1.5 yards 13mm silk ribbon, and 3 yards of 7mm silk ribbon, and pattern with instructions.

Optional wool kits will be available for purchase in two colorways, and a variety of ribbon and embroidery threads will be for sale. You will need to provide your background of choice.
